Generation Joshua's mission is to inspire and equip young leaders and citizens to influence the political and civic process for good. All of our programs either challenge youth to strengthen their beliefs or give them the opportunity to put their beliefs into action. We know that not every person is called to run for office, but every citizen should be willing to stand up for what is right, wherever they are called to serve. To that end, Generation Joshua exists.

"It was great having the Generation Joshua students at the White House! Over last 15 years I've been amazed by the caliber of these students."

-Vice President Mike Pence
